JUNIOR GOLD CHAMPIONSHIPS

QUALIFYING EVENT DETAILS: OVERVIEW

Junior Gold members who have already earned an entry in this season's Junior Gold Championships can still enter and participate in additional Junior Gold qualifying events.

However, because an athlete can only earn one entry into the Junior Gold Championships he/she must accept his/her first berth.

If a Junior Gold member wins an entry but cannot attend the Junior Gold Championships, he or she is responsible for alerting the Junior Gold Championships qualifying event director so the entry may be passed to the next qualified participant in that event. An athlete who gives up his/her spot or is unable to attend must re-qualify for the following year; individual berths are not carried over to the next year. If the Junior Gold member fails to alert the Junior Gold event director, he or she risks disqualification from that Junior Gold qualifier for the following year.

Tournaments may run U12 or U15 only qualifiers. In events that conduct a U12 or U15 qualifier the advancer(s) from that division must bowl in the U12 or U15 division at the Junior Gold Tournament.

Check on the status of available Junior Gold Championships spots on BOWL.com's Junior Gold page. No spot is reserved until full payment for the entry has been received at USBC from the qualifying event director.

**DON'T BE LOCKED OUT
RESERVE YOUR SPOTS EARLY!
EVENTS CAN BE CONDUCTED FROM
MAY 1, 2015 – MAY 31, 2016**

WHAT IS THE DIFFERENCE BETWEEN A REGULAR AND A "PREMIER" EVENT?

- A regular event pays only the advancer's entry fee into the Junior Gold Championships.
- A "premier" event is an enhanced event that pays the winner's advancer entry fee, plus any or all expenses at the Junior Gold Championships. There is no minimum amount of a stipend for the spot to qualify as a "premier" spot.
- If an athlete already has won an entry to the Junior Gold Championships and then wins another, he/she cannot take the second as a scholarship. The spot must go to the next highest qualified Junior Gold member.
- Junior Gold Championships berths and scholarship money are considered separate awards. If the athlete already has won an entry and wins a second event, the athlete would be awarded the first-place scholarship money, but the entry would be given to the next eligible Junior Gold athlete.

ENHANCED ADVANCER RATIO POLICIES

The minimum ratio to advance players to the Junior Gold Championships is 1:4. What follows is an explanation of how this standard applies to various situations.

When stating an advancement ratio, event management will state that the ratio is either a “hard” number (1:4) which means they will only advance one player for every 4 entrants, or they will add the caveat in their rules stating “or a major fraction thereof” which would allow them to advance an additional player should they have additional entries in excess of 51% of their ratio number. When an event reaches this standard an additional player is allowed to advance and the event is required to subsidize any shortfall in the entry fee to the Junior Gold Championships.

As an example, in an event having a 1:4 or major fraction thereof ratio, the event would need to have 7 entrants to advance a second player. The event would bear the financial responsibility to fund any shortfall of the entry fee to the Junior Gold Championships. Six (6) entrants does not meet the threshold of 51%, so a second player could not advance under that rule.

If the event has additional entries in excess of their ratio, but does not meet the 51% threshold to advance an additional player, we have historically asked that the additional monies be returned to the event as additional prize monies. To address this issue and provide more players the opportunity to advance, a new policy has been adopted that could allow the next player in line to advance to the Junior Gold Championships. This policy is:

Once an event has met their initial ratio

and has additional entries in excess of that ratio, the next player in line will have the option to claim that spot by paying any remaining shortfall between the monies collected and the entry fee for the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

IF YOU DO NOT USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying events for the Junior Gold Championships given a 1:4 advancement ratio **without** the “or a major fraction thereof” stipulation.

If the event has 5, 6 or 7 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would now be given the opportunity to fund any remaining shortfall between the entry monies collected and the appropriate division entry fee and claim a spot in the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

IF YOU USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying events for the Junior Gold Championships given a 1:4 advancement ratio **with** the “or a major fraction thereof” stipulation.

If the event has 5 or 6 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would be given the opportunity to pay any remaining shortfall between the entry monies collected and the entry fee and claim a spot in the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

If the event has 7 entrants, the tournament will advance the winner under their 1:4 ratio and an additional advancer under the “or a major fraction thereof” stipulation and the event is required to subsidize any shortfall in the entry fee to the Junior Gold Championships.

MAJOR FRACTION THEREOF CHART

RATIO	ENTRIES NEEDED TO ADVANCE AN ADDITIONAL PLAYER

1:5	8
1:6	10

USBC JUNIOR TEAM USA SELECTION

Injury exemptions

To be considered for an injury exemption from the 2016 Junior Gold Championships, an athlete must submit a written request for exemption to the USBC national office prior to July 1, 2016, or via fax to the tournament office of the 2016 Junior Gold Championships prior to the end of the competition. An injury exemption from the 2017 USBC Team USA Trials must be submitted in writing to the USBC office one month prior to the start of the 2017 Team Trials. Any request for exemption must include performance history and any other relevant information from at least the past three years that would be helpful to the NSC in evaluating the member in accordance with the selection standards listed below. The NSC and USBC reserve the right to verify that a member was in fact injured at the time of the national championships, including but not limited to requiring a doctor's release. Canadian Tenpin Federation members are encouraged to participate and are eligible to be Junior Gold Members; they can compete in the National Championships and earn scholarships. However, they are unable to be Junior Team USA members. Only U.S. Citizens are eligible to be on Junior Team USA.

National Selection Committee

There will be one National Selection Committee, which will be responsible for selecting the two at-large male and two at-large female members of Junior Team USA 2017. The NSC is comprised of no more than five individuals, one of whom will be an athlete representative as defined by USOC bylaws. The president of USBC (bowling's national governing body) will oversee the appointment of these individuals.

Standards for Selection of At-Large Team Members

The National Selection Committee is charged with selecting those athletes who are most likely to create the strongest Junior Team USA. The NSC shall have the latitude to consider any qualifications which would be helpful in creating the strongest team.

In evaluating athletes for possible selection as at-large members of Junior Team USA, it is anticipated the NSC will consider at least the following criteria:

AGE: Selections will be made with the understanding that the team will need to be comprised of an appropriate number of athletes who meet the age requirements for any International Youth competition.

PERFORMANCE: This includes all international competition, as well as any USBC, collegiate or USBC Team USA bowling tournament within the previous two years.

PHYSICAL GAME: This includes, but is not limited to, the many physical elements which comprise an athlete's game, such as approach, arm swing, timing, release versatility (changing rotation and lay-down point) and speed control. It also includes, but is not limited to, the ability to play different angles, convert spares, change equipment and adjust to varying lane conditions.

MENTAL GAME: This includes a variety of subjective factors including ability to be coached, adaptability, practice regimen, ability to stay focused, attitude, commitment, ability to perform under pressure and sportsmanship.

JUNIOR TEAM USA FORMAT AND SELECTION CRITERIA (Continued)

USBC JUNIOR TEAM USA SELECTION (CONTINUED)

Team Play: This includes, but is not limited to, the intangible but crucial ability to be a positive factor in building rapport, confidence and a winning attitude among team members and coaches.

Future: The National Selection Committee takes into consideration that the individuals on the Junior Team are also the developmental team for Team USA.

Replacement of Junior Team USA Members

If, during the following calendar year, a bowler either resigns or is removed from Junior Team USA for any reason, the coach of Junior Team USA will determine if a replacement is needed. If a replacement is needed, the coach shall confer with the National Selection Committee to determine the replacement. The replacement shall be from a pool of athletes who competed at the 2016 Junior Gold Championships and/or the 2017 USBC Team USA Trials and are age 20 or younger as of January 1, 2017.

Junior Team USA members may obtain/move up to USBC Adult membership during their term on Junior Team USA and still maintain their spot on Junior Team USA. However, they would be ineligible to bowl in the Junior Gold Championships.

Note:

Junior Team USA coaches will select the Junior Team USA members who will participate in each event in which Junior Team USA will compete. The final standings at the Junior Gold

Championships, or how an athlete became a Junior Team USA member, will have no bearing on the makeup of the team at each competition. All Junior Team USA members will be placed into a pool and coaches will select the athletes who most likely will create the strongest age eligible team to represent the United States for that event. If any changes to these rules are made, all national finalists will be notified prior to competition at the Junior Gold Championships. In addition, the changes will be posted on the Junior Gold website, BOWL.com

FAQs

GENERAL QUESTIONS

Where can I obtain Junior Gold Championships information?

All forms and this handbook are available on BOWL.com. Simply click on the Tournaments tab and then on the Junior Gold link and proceed to the Qualifier section where you will see the Junior Gold Tournament Handbook tab. Here you will find the necessary forms to run your event. As always, the Junior Gold staff is available to assist and answer any questions. We can be reached at Tournaments@ibcyouth.com or by calling (800) 514-BOWL, ext. 8426.

What are the age divisions for the Junior Gold Championships?

<u>Date of Birth</u>	<u>Division</u>
8/1/03 or later	U12
8/1/00 - 7/31/03	U15
8/1/95 - 7/31/00	U20

NOTE: Bowlers in the U15 division may exercise the option to participate in the U20 division by completing the Junior Gold Championships “play up” form. Individuals who qualify in a U15 only division qualifier must compete in the U15 division at the Junior Gold Championships.

How much do spots cost for the Junior Gold Championships?

Spots are \$200. If an event is going to offer a U15 ONLY division, those spots are \$150. If the event is going to offer a U12 ONLY division, those spots are \$100.

What are the minimum average requirements for the divisions?

There are no minimum average requirements for participation. Any and all current USBC Youth Standard members are eligible to become a Junior

Gold Member and bowl in a Junior Gold Championships qualifying event.

How is it determined what division the advancer competes in?

Any eligible bowler who qualifies for the Junior Gold Championships will be placed in the appropriate division based on their date of birth. Bowlers that competed in a combined qualifier (not a U12 only or U15 only) will have the ability to “play up” to a higher division, once they fill out the proper forms.

Can a U12 qualifier “play up” and participate in the U20 division instead of the U12 division at the Junior Gold Championships?

Yes, they can if they qualified in a U15 or U20 division event and fill out the proper forms.

If I don’t have enough entrants to have a separate U15 or U12 division, but my advancers are under the age of 15, how much will my advancer spots cost?

The price of the Junior Gold Championships spot in a combined event is not affected by the age of the winner. If there are not enough entrants for a separate event, all spots will cost \$200 and the player will compete in the appropriate age division at the Junior Gold Championships unless the player submits an opt-up form.

How does the enhanced advancer policy work?

Once an event has met their minimum ratio and has entries in excess of that ratio, they have the opportunity to advance one additional entrant to the Junior Gold Championships. The next advancer only, will be allowed to claim a spot by funding the balance of the monies

needed to pay for that spot. A detailed explanation of the policy can be found on the Junior Gold page of bowl.com or page 8 of this handbook.

I see the Junior Gold Championships spot counter on bowl.com. How can I reserve a spot before the field is sold out?

All spots are reserved on a first-come, first-served basis. Event coordinators can fax in their applications, rules and credit card information to (817) 385-8262 to expedite the process. Phone calls and e-mails with event details and credit card information are also accepted. The counter is updated periodically – not instantaneously – as spots are reserved. As the number of reserved spots nears maximum capacity, don’t procrastinate. Coordinators can purchase 2016 spots at any time in advance for events held before May 31, 2016.

I have excess funds from the Junior Gold qualifier. What should I do with those excess funds?

All excess funds must go back to the athletes who entered the Junior Gold qualifying event. However, if you hold a series of Junior Gold Championships events through the season you can keep those funds in a “Junior Gold” account to be used if there are any shortages in future events. If the event was not part of a series, you must return those funds through expenses for the advancer(s) (from receipts the advancer(s) provides) or it can be returned to the Junior Gold bowlers as a scholarship.

GENERAL QUESTIONS *(Continued)*

How can I award Junior Gold Championships spots? What are my options?

Tournament directors have many options when awarding spots. They can award based on a ratio (1:4, 1:5, 1:6, 1:7, 1:8, 1:9, or 1:10) or they can advance their tournament champion provided they have a sufficient number of entries. You can award your spots after the bowler's three (3) games of qualifying or you can advance bowlers at the end of your tournament.

Please be very specific in the event rules on how the advancers to the Junior Gold Championships will be awarded. Include the words "with major fraction thereof" after the ratio if you intend on awarding two Junior Gold spots with a 1:4 ratio and seven bowlers.

When can I hold Junior Gold Championships qualifying events?

Events can be held any time from May 1, 2015 through May 31, 2016 (during a regular season). In the case of a sold-out national event, Junior Gold will consider permitting qualifying events earlier. This is on a per-year basis. All qualifying will end on May 31 of the tournament year regardless.

How long do I have to submit my post-event reports?

Junior Gold Finalist and Post-Event Tournament/League Reports are to be submitted to Junior Gold within fifteen (15) days after the end of the event. Holding onto this information longer than this affects the accuracy of our records and can cause eligibility issues for players who may have paid their Junior Gold membership dues at your event.

What benefits are included with the USBC Junior Gold membership?

- Junior Gold membership card
- Member Gift
- Junior Gold Approach E-blasts
- Reduced prices for coaching at ITRC

In the Junior Gold Championships, can an individual opt to cross over to the other gender division?

No. Girls may only compete in the girls divisions and boys may only compete in the boys divisions.

Can we hold a Junior Gold Championships qualifying event during our association championship event?

You can easily incorporate a Junior Gold qualifying event into your local or state association championship events. Since you only need three (3) games for a qualifying event, you can use the scores from any designated event or events from your championship tournament as a Junior Gold qualifier.

TOURNAMENT QUESTIONS

What is the minimum number of games that must be bowled in a Junior Gold Championships qualifying event?

All Junior Gold qualifying done during tournaments must have a minimum of three games in the tournament.

I want to run a Junior Gold qualifying event. What are the steps I must take?

Certify your tournament online at BOWL.com.

Submit a copy of your proposed rules and the completed JUNIOR GOLD TOURNAMENT APPLICATION to Junior Gold at least ONE MONTH prior to the event for review. Junior Gold reserves the right to reject any event that does not submit this information for review PRIOR to the event.

Submit the entry fee for all spots reserved within fifteen (15) days following the end of the event, the POST EVENT REPORT

and the FINALIST REPORT both must be submitted to Junior Gold. Compliance with this requirement is key to Junior Gold maintaining an accurate database of advancers, alternates and Junior Gold memberships.

I run multiple Junior Gold Championships events throughout the year, is there a streamlined procedure I can follow to get them all covered at once?

When you go to certify your tournament, you will choose the option for "Comprehensive Tournament". This will allow you to enter all your events under one certification number. When you submit your paperwork to Junior Gold, your QUALIFYING EVENT APPLICATION will have the dates of your first and last events and you can submit a listing of the date, city and center of your additional events. If you add events during the season, simply provide us with this same information so we keep our databases up-to-date.

I have a tournament that has multiple squads. How can I run Junior Gold Championships qualifying in this type of event?

There are two ways of running qualifying for "squad" events. The first is to make each squad a separate qualifying event. Bowlers would pay to enter a squad and each squad must meet the minimum of four Junior Gold boys or four Junior Gold girls or four Junior Gold athletes of either gender. You can then award your ratio based on the number of entries per squad. Junior Gold athletes would then have the opportunity to enter various squads. If you would prefer to award your ratio/champion after all of your squads have bowled, bowlers may only enter a Junior Gold qualifying event once prior

to their squad. For example, John is bowling in squads 1, 2 and 3. He decided to participate in Junior Gold during the second squad. Then only his score from squad 2 would count towards Junior Gold, even if squads 1 and 3 were higher scores. Scores are counted immediately after the athlete pays the Junior Gold fee (if applicable).

Can a bowler enter a Junior Gold qualifying event multiple times and use his/her highest score to qualify?

No. A player can enter a specific Junior Gold Qualifying event only once. Multiple participation is NOT allowed in Junior Gold qualifying events.

I had a tie for my advancer and I'm only able to send one bowler based on my ratio. What do I do?

As with any tie advancing to the next level, you must hold a roll-off (USBC 326a, Item 2b) and you must have at least a one frame roll-off. In this situation, co-champions are not allowed.

At the end of my event, I found that one of the advancers did not have a current Junior Gold membership. How should I handle this?

The first mistake was letting the player participate initially. Junior Gold rules require ALL participants to have a current Junior Gold membership BEFORE they begin the qualifying event. In this case, the player is not eligible to advance and should be replaced with the next eligible player in line.

I only have three bowlers who have not yet qualified for the Junior Gold Championships. Can I pay for a bowler who has already qualified to make my required four bowlers?

No. There cannot be a "phantom" bowler included to reach the minimum requirement. If a bowler already has obtained a berth to the Junior Gold Championships, he/she may enter another tournament, provided the bowler pays for his/her entry and does so by his/her own choice. This means the bowler must consent to enter the tournament and is not allowed to be "entered into an event without his/her knowledge."

Are there any tournament formats which are not allowed to be used as a Junior Gold Championships qualifying event?

Currently, the only tournament formats that are not allowed for Junior Gold would be the handicap events, Baker format, 40-frame game, moonlight bowling tournaments, Mail-O-Graphic tournaments and no-pin tap tournaments. All of the Junior Gold tournaments must be USBC certified and Junior Gold approved and must follow all USBC rules. If your event is not a typical tenpin format, please contact us directly and we can assist.

I run an adult/youth tournament. Is this allowed as a Junior Gold Championships event?

Yes! As long as your adult/youth bowlers bowl a minimum of three individual games and it is scratch competition, you can simply take the youth's score and use that as a qualifier. With the youth's score you can then award based on your advancement ratio. You can then award any scholarship money based on the total adult/youth score.

I run a handicap and scratch tournament. The book says it must be scratch competition. Can I allow my handicap bowlers to participate in Junior Gold if they are members?

Yes, as long as you are using only their scratch scores in the Junior Gold portion of the event. Please be very specific in your tournament rules as to the eligibility of your Junior Gold qualifier.

What is the final day I can replace and individual who declines the invitation?

The final day Junior Gold will accept replacements for individuals who decline is July 3, 2016.
